

Sauna heater Herkules S25

Free standing heater

For familysaunas

Outer shell:

The exterior design features a striking combination of straight lines, massive yet elegant steel with the raw sauna rocks.

The internal and external shell is completely made of the best quality stainless steel.

Terminal box:

high-grade steel

Stone filling:

25 kg incl.

Service friendly unit assembly system

The heating elements are mounted on a rack and may be conveniently removed without the need to remove the rocks.

Optimised ratio of radiated heat and convection due to the appropriate amount of stones.

MADE IN GERMANY
